

State Funds Compensation Disclosure

Harbor House of Central Florida is required by Florida law to post limited information regarding the use of state funds for certain compensation purposes. For purposes of this disclosure, state funds may include federal funds that are distributed by the state under applicable grant or contract programs.

For state contracts executed, amended, or extended on or after July 1, 2023, nonprofit organizations must disclose whether state funds were used to compensate members of their Board of Directors or organizational officers.

Fiscal Year 2025–2026

- **Board of Directors:** \$0 in state funds used for remuneration
- **Organizational Officers:** \$77,397.12 in state funds used for remuneration
 - This represents **3%** of total state funds received during this fiscal year

The amounts shown reflect state funds only, as defined by statute, and do not represent total compensation, total organizational expenditures, or compensation paid from other funding sources.
